## From the Chairman's Desk

Dear Members of the DMI Family,

It is with immense joy and pride that I extend a warm welcome to you all as we launch the first edition of DMI Konnect, the official newsletter of the DMI Group of Institutions. This publication marks a new chapter in our collective journey, serving as a platform to celebrate our achievements, share insights, and strengthen the bonds that unite us. The DMI Group of Institutions has always been driven by the values of excellence, integrity, and compassion. Our commitment to nurturing talent, fostering innovation, and contributing to society is reflected in the success of our students, faculty, and alumni.

Through DMI Konnect, we aim to highlight these accomplishments, provide a forum for thought leadership, and create opportunities for collaboration across our diverse community. This newsletter will feature stories of academic excellence, research breakthroughs, community engagement, and campus events. It will also showcase the voices of our students and faculty, offering perspectives that inspire and inform. As we navigate an ever-changing world, DMI Konnect will serve as a beacon of our collective aspirations, reminding us of the transformative power of education and the importance of lifelong learning. I encourage each of you to actively participate in this initiative—whether by contributing articles, sharing your achievements, or suggesting topics of interest.

Your involvement is key to making DMI Konnect a vibrant and engaging platform that truly reflects the spirit of our institution. As we embark on this new endeavor, let us reaffirm our commitment to excellence and innovation. Together, we can continue to shape a future filled with promise and possibility.

**Rev. Dr. J E Arulraj**  
**Founder & Chairman**

## EDITORIAL

With heartfelt appreciation, we recognize the invaluable support of our esteemed Chairman in bringing this newsletter to life. His visionary leadership and dedication to strengthening our group identity have been pivotal in shaping this initiative.

This newsletter serves as a dynamic platform for exchanging insights, celebrating accomplishments, and fostering a sense of unity within our community. By encouraging dialogue and collaboration, it not only informs but also inspires, reinforcing our shared purpose and values.

The editorial team extends its heartfelt appreciation for the spontaneous and unwavering support received from our Honourable Vice Chancellor, Dr. Subbiah Bharathi, as well as the Principals of various colleges and Heads of units. Their encouragement and active participation have been invaluable in making this newsletter a success.

We are particularly grateful to the Single Points of Contacts (SPoCs) of all institutions for their dedication and timely contributions, ensuring a seamless flow of content within the set deadlines.

A special note of thanks goes to Dr. Selvin Vedamanickam for his meticulous language editing, and to Mr. KVC Satish Kumar, Ms. E. S. Nithya, and Ms. N. Kala for their invaluable administrative support. Their efforts have played a crucial role in the smooth execution of this initiative.

Our sincere gratitude also goes to Fr. Denish for deputing Ms. Arshid from Hi Abba for the design work. We deeply appreciate his patience and commitment to accommodating frequent revisions, ensuring that the final layout meets the highest standards.

We are committed to publishing a new issue each month, fostering a sense of unity within our community and promoting positive growth. We encourage teachers, staff members, students, alumni, and parents to explore this inaugural edition of DMI Konnect and share their valuable feedback to help us enhance future editions.

We look forward to continued collaboration and contributions from all, as we strive to make this newsletter a vibrant and insightful publication for our community.

#### Abstract

Embark on a journey through the cutting-edge realms of semiconductor technology and System-on-Chip (SoC) design, exploring recent trends such as heterogeneous integration, AI/ML acceleration, and revolutionary packaging technologies. Dive into the intricacies of SoC design techniques, from customizable solutions to security-centric approaches, gaining insights into the indispensable tools shaping the industry's dynamic landscape. Navigate the simulation process steps in manufacturing SoC designs, unraveling complexities from functional simulation to mixed-signal validation. Emphasis is placed on the challenges during manufacturing, including design intricacies, simulation resource constraints, and the perpetual pursuit of timing closure. Strategic approaches like corner case, introducing methodologies like parallel processing, hierarchical design principles, and predictive analysis integration. Explore the symbiotic relationship between AI and SoC design, showcasing applications optimizing power, enhancing fault detection, and dynamically adapting clocking strategies. Culminating in the visionary concept of an Autonomous VLSI Design Assistant (AVDA), an AI-powered paradigm shift in VLSI design automation, envision a future where collaboration, continuous learning, and the integration of emerging technologies drive unprecedented advancements in chip-level designs.

**Keywords:** System-on-Chip, Autonomous VLSI Design Assistant, chip-level designs, VLSI Design, revolutionary packaging technologies.

#### Abstract

The integration of quantum computing into image processing represents a significant advancement in computational technology, offering transformative capabilities that enhance performance, efficiency, and accuracy. This chapter explores hybrid quantum-classical algorithms, focusing on how quantum subroutines can be integrated into classical image processing workflows. A comparative analysis of various quantum image encoding techniques highlights their strengths and limitations, paving the way for optimized applications across diverse fields. Key advantages of quantum-enhanced image processing, such as improved speed in high-resolution data analysis and superior optimization methods, are discussed in relation to real-world applications, including medical imaging and computer vision. The chapter anticipates future developments in quantum technology, emphasizing the need for interdisciplinary collaboration to unlock the full potential of quantum computing in digital image applications. By addressing the critical gaps in current methodologies, this work aims to inspire further research and innovation in the realm of quantum-enhanced image processing.

### ALUMNI TESTIMONIALS

Studying at JPCOE was a transformative experience. The CIVIL Engineering department provided practical exposure through project-based learning and training in essential tools like Auto CAD and STAAD Pro. The support from faculty and the focused placement programs enabled me to land a role at MTA Architects. I am proud to have started my career with such a strong foundation and am thankful for the college's commitment to student success.

I am really happy to be an alumna of JPCOE, I really thank the college management and department for the fruitful career which I am enjoying right now. Because of the Centre of excellence by Innova skill, I used to learn many things practically. The unique approach of learning through training, workshops, mentoring sessions, placement preparation lead to immense value addition to my life. I wish my fellow juniors to enjoy the training and to have a bright career.

உலக, இந்தியச் சமூகப் பொருளாதார அரசியல் நிலைகளின் மாற்றம் தமிழ் இலக்கியச் சூழலில் எதிரொலித்தபிடித்து தலித்துகள், பெண்கள், மூன்றாம் பாலினம் முதலானோர் தங்கள் அடையாளங்களைக் கட்டமைக்க முயன்றனர். உலகமயமாக்கலின் தாக்கத்தால் சிடுமடைந்த மனித உறவுகளை மீட்டும் முயற்சிகள் துளிர்க்க ஆரம்பித்தன. நிலம்சார் மரபு இலக்கியங்கள் போல நாவல் இலக்கியத்திலும் திணைகளின் எழுச்சி நிகழ்ந்தது. பருவநிலை மாற்றங்கள், உயிரினங்களின் வாழ்வுநிலை, புவி வெப்பமயமாதல், இயற்கை வளங்களின் சார்ந்த பின்புலத்தில் வெளிவரும் இலக்கியப் படைப்புகளை பசுமை இலக்கியங்கள் (Green Literature) எனவும் இறையியல் படைப்புகளை ஆராய்வதை பசுமை வாசிப்பு (Green Reading) எனவும் திறனாய்வாளர்கள் குறிப்பிடுகின்றனர். இயற்கை சார்ந்த பின்புலத்தில் வெளிவந்த வையாழ்த்து அவர்களின் மூன்றாம் உலகப்போர் நாவலை பசுமை வாசிப்பு நோக்கில் ஆராய்வதாக இக்கட்டுரை அமைகிறது.

**திறவுச் சொற்கள்:** பசுமை வாசிப்பு, சூழலியல், இயற்கை மைய நோக்கு

**பசுமைக் கோட்பாடு (Green Theory)**

உயிரினங்களுக்கும் அவற்றின் சுற்றுச்சூழலுக்கும் இடையே உள்ள உறவையும் அத்தகைய உறவுகளின் மொத்த வடிவத்தையும் கையாளும் அறிவியலின் ஒரு பிரிவாக 'சூழலியல்' என்பதை நாம் வரையறுக்கலாம்.

பசுமைக் கோட்பாடு நோற்றலிக்கப்பட்டபோது கொடுக்கப்பட்ட பெயர் சூழலியத் திறனாய்வு. இத்தச் சொல் 'சூழல் இலக்கிய யிம்சனம்' என்பதைக் கருக்கமாகப் பயன்படுத்தப்படுகிறது. சூழலியத் திறனாய்வு (Eco-criticism) அடிப்படையில், இலக்கியத்திலும் இயற்கைக்கும் இடையே உள்ள தொடர்பைப் பற்றிய ஆய்வு ஆகும். 'சூழலியத் திறனாய்வு' மற்றும் 'பசுமை ஆய்வுகள்' ஆகிய இரண்டு சொற்களும் பெருமாதும் ஒன்றுக்கொன்று மாற்றாகப் பயன்படுத்தப்படுகின்றன. சூழலியத் திறனாய்வு என்னும் சொல் அமெரிக்காவிலும் பசுமை ஆய்வுகள் என்னும் சொல் இங்கிலாந்திலும் பயன்படுத்தப்படுகிறது.

பெருகி வரும் மக்கள்தொகை, நகரமயமாக்கல், தொழிற்சாலைகளின் அகர வளர்ச்சி ஆகிய காரணங்களால் இந்தியா மாகபடுத்தப்பட்ட நாடுகளில் இடம்பிடித்துள்ளது. காடுகளின் அழிப்பு, அணைகட்டும் திட்டங்களால் வாழ்வாதாரங்களை இழந்த பழங்குடிகளின் வாழ்க்கை அழிச்சித்து வரும் விவசாயிகளின் தற்கொலையே, அழிந்து வரும் பழங்குடியினம் எனச் சிதைந்து கொண்டிருக்கும் மன்னின் தயாரத்தை அண்மைக்கால எழுத்துக்களும் கோட்பாடுகளும் மையப்படுத்துகின்றன. தமிழ் இலக்கியச் சூழலில் முதலாளி தொழிலாளி, ஆண் X பெண் என மனிதர்களுக்கான இணை முரண்களை
